NYTT LAGER I GÖTEBORG

Ökad satsning i Norden med ett 6 500 m² stort lager i Göteborg

I samband med ökad satsning på den nordiska marknaden har vi slagit ihop vårt svenska och norska lager för att öppna ett större lager med högre kapacitet.

I utkanten av Göteborg i Sörred Kubiklager står det nya lagret. Vi ville ha en byggnad som bidrar till modern och effektiv godshantering, en bra arbetsmiljö för våra medarbetare, och som uppfyller dagens krav på ett hållbart byggande.

Økt satsing i Norden med felles lager i Gøteborg

I forbindelse med økt satsing på det nordiske markedet har vi slått sammen vårt svenske og norske lager for å åpne et større lager med høyere kapasitet.

Det nye lageret befinner seg i utkanten av Gøteborg, og er bygd helt fra bunn av på Gerflor sine premisser. Vi ønsket et bygg som bidrar til moderne og effektiv varehåndtering, godt arbeidsmiljø for våre medarbeidere, og oppfyller dagens krav til et bærekraftig bygg. Det nye lageret består av nærmere 6 500 m², som er tre ganger større enn det gamle lageret vårt i Vestby.
